

# Students:

## Sameer Sikandar Ali - 2112196

## Shahrukh Karim - 2212236

## INTRODUCTION TO DEVOPS

### LAB 10

#### Task 1:

The screenshot displays the Microsoft Azure portal interface. At the top, the navigation bar includes the Microsoft Azure logo, a search bar, and a Copilot button. The user's profile, 'bscs2112196@szabist.pk', is visible in the top right corner. The main content area shows the 'Allowed Locations' policy assignment. Below the title, there are several action buttons: 'Edit assignment', 'Delete assignment', 'Duplicate assignment', 'View compliance', 'View definition', 'Create exemption', and 'Create remediation task'. The 'Essentials' section provides key details about the assignment, including its name, scope, definition version, description, assignment ID, and assigned by. Below this, the 'Parameters (1)' tab is selected, showing a search bar and a dropdown menu for 'All types'. At the bottom, there is a table with columns for 'Parameter ID', 'Parameter name', 'Parameter value', and 'Policy assignment parameter reference'. A 'Give feedback' link is located in the bottom right corner.
