LAB 5: Implement Azure Key Vault

Task 1:

The screenshot displays the Microsoft Azure portal interface. At the top, the header shows 'Microsoft Azure' with a search bar and user information. The main content area is titled 'keyvaulttest951 | Overview' and shows a green checkmark indicating 'Your deployment is complete'. Below this, deployment details are listed: 'Deployment name : keyvaulttest951', 'Subscription : Azure for Students', and 'Resource group : FifthResourceGroup'. The 'Start time' and 'Correlation ID' are also visible. On the right side, there are several informational cards: 'Cost management' (Get notified to stay within your budget), 'Microsoft Defender for Cloud' (Secure your apps and infrastructure), 'Free Microsoft tutorials' (Start learning today), and 'Work with an expert' (Find an Azure expert). The bottom of the screen shows the Windows taskbar with various application icons and system tray information including the date and time (12:20 PM, 4/8/2025).
